## WAREHOUSING & VALUE ADDED SERVICES 倉儲及增值服務

In order to cope with our rapid expansion in greater China, we have established branches in Guangzhou, Shanghai and Beijing since 2002.

Our Guangzhou, Shanghai and Beijing Logistics Centers provide services that include warehouse facilities and inventory management as well as other value-added services encompassing online enquires on inventory, barcode management and re-packing services.

We are a leading logistics provider of dangerous goods. We provide warehousing and transportation services, and we can tailor-made our warehouses layouts for storage of different kinds of dangerous goods. Our team and fleet also provide zero-defect, IT driven and logistics services in an efficient and customer-focused manner that results in total customer satisfaction.

In addition, we do have experienced personnel to carry out the Pick and Pack operations according to specific requirements of our customers. In addition offer value-added services such as: price labelling and security label tagging, barcode labelling and re-labelling, skillful garment re-bagging, repacking or garment hanging, and various quality control and inspection services.

為配合東方物流在中國的迅速增長，我們在2002年已經在廣州、上海和北京建立了分公司。

我們在廣州、上海和北京的物流中心所提供的服務包括：倉儲設施，庫存管理以及其他增值服務，包括網上查詢的庫存，條碼管理和重新包裝的服務。

在危險品方面，我們是一個具領導地位的物流供應商。我們可提供倉儲和運輸服務，更能提供度身訂造之方案以供儲存不同種類的危險品。我們的團隊和車隊會配合資訊科技發展，抱持以客為本及高效率工作態度，提供正確無誤的物流管理服務，令客戶稱心滿意。

此外，我們會根據客戶的需要，設計專門的分揀、揀貨、裝箱等流程，並透過一系列的增值服務，如：掛價錢牌及保安標籤、標貼條碼標籤及再標籤、衣服入袋、再包裝或摺裝轉掛裝，以及其他品管控制和檢驗服務，從而滿足客戶要求。

## TRANSPORTATION 運輸服務

Oriental Logistics has successfully created a highly efficient transport network capable of timely deliveries to all major cities within the mainland. Different classes of transportation, for instance, lorries for general cargo and dangerous goods, etc. are available through our network. Our advanced online enquiry system on inventory control and transportation progress effectively assists our clients in monitoring the flow of their goods seamlessly.

東方物流已成功建立一個高效率的運輸網絡，能夠為客戶及時將不同類型之貨物運送到各主要的內地大城市。並可為客戶提供不同類別的交通工具，例如，一般貨物的貨車及危險品運輸等。再加上我們先進的網上查詢系統，定能協助客戶更有效地控制庫存和運輸，並無間斷地協助客戶監測整個操作流程。
